Dear Mr. Shupe:

Re: Application to Mine Coal for Non-Commercial Use, S/055/006, PRO/055/003,
Wayne County, Utah

Pam Grubaugh-Littig and I recently met to discuss your letter dated May 30, 1992. The letter states your case to mine coal for non-commercial use at the old Factory Butte site, located in the SW 1/4 of Section 2, Township 27 South, Range 9 East in Wayne County.

The Division is considering approving your request providing you submit the following:

1. a map showing the general location of the site, relative major landmarks (highways, physical features, towns), a photocopy of a section of a BLM land status map would work; and
2. please give us the location of the farm where the material will be used. Also, please give us the name of the property owner.

Approval of your request will transfer your reclamation obligations from the coal program to the minerals program; therefore, you will still maintain a reclamation obligation for the site.

Please call me if you have questions.

Sincerely,

Holland Shepherd
Senior Reclamation Specialist
